

Donation & Sponsorship

YOUR DONATION

A general donation allows IMPAQTT Foundation the flexibility to direct your donation where it is needed most. A contribution can be made on a one-off or recurring basis (monthly, quarterly, semi-annual, or annually).

Of a donation, approximately 85% is used directly for research and education projects of the IMPAQTT Foundation. Approximately 15% of the funds donated are set aside to cover daily operational costs of the IMPAQTT Foundation such as utilities, competitive office staff and professional staff salaries, website maintenance, bookkeeping, and insurance costs.

For your Donation

For credit card or electronic fund transfer (EFT) donations from a checking or savings account:

ABNAMRO bank: 55.44.98.189

IBAN: NL14ABNA0554498189

BIC: ABNANL2A

National Company Register (KvK): 55066747

BTW/VAT: IMPAQTT Foundation has received recognition of tax exempt status (Tax ID No: 851553138).

RECEIVE A FREE BOOK

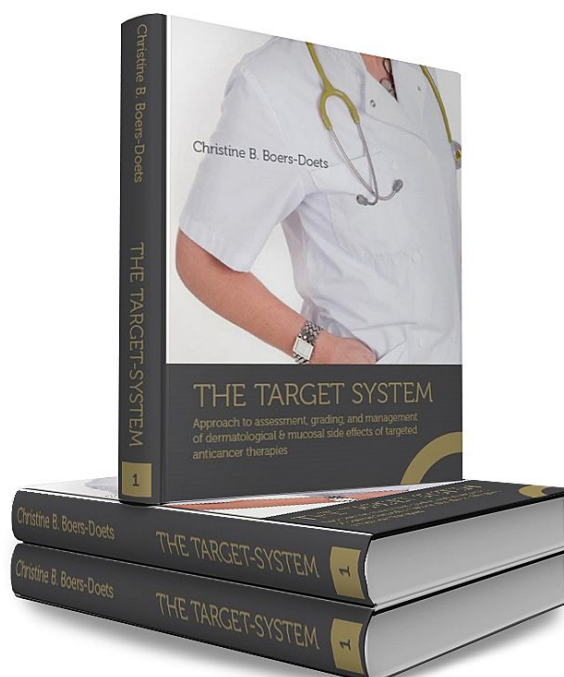

For donations of € 200 or more, you receive a signed copy of this practical book, written by our founder and CEO Christine B. Boers-Doets:

THE TARGET SYSTEM

This handbook presents in detail the six steps to be taken from terminology to treatment recommendations of targeted therapy and immunology-associated skin and mucosal adverse events.

The TARGET-system provides a roadmap developed to support representatives of pharmaceutical companies, clinicians, researchers, and trainers in implementing appropriate treatment options for oncology drug-associated adverse events.

The roadmap steps include: **Terminology, Assessment, Reporting, Grading, Education, and Treatment.** This system enables the professional to limit adverse events and promote patient compliance, avoiding discontinuation or dose adjustments. When treatment is initiated early, at the onset of an adverse event, the symptoms may

be more readily controlled.

When applying the TARGET-system steps in a busy clinical setting or during research protocols, it will undoubtedly prolong the duration of a patient on targeted therapy/immunology and improve the quality of life of people who depend on these drugs.

YOUR SPONSORSHIP

Sponsorship is a rewarding and personal way to connect with the IMPAQTT Foundation. Our sponsors generously commit to financially supporting a Clinical Trial at IMPAQTT Foundation on a recurring basis (monthly, quarterly, semi-annually, or annually). As Sponsor you will receive:

- Logo presence on the homepage of the IMPAQTT Foundation website with a hotlink to your organization's website.
- Recognition as sponsor in the manuscripts about the sponsored trial.

Three levels of sponsorship are offered: silver, gold, and platinum:

Silver Clinical Trial Sponsor Opportunity

€ 5,000 – € 9,999

As Silver Clinical Trial Sponsor, you sponsor between € 5,000 and € 9,999 on a yearly basis. As Silver Sponsor you receive the protocol and updates of the trial you sponsor inclusive **recognition**, as well as **3 FREE** registrations to a workshop or seminar hosted by our founder in every year you sponsor. In addition, you receive **5 signed books** of the TARGET-system for **FREE**.

Golden Clinical Trial Sponsor Opportunity

€ 10,000 – € 19,999

As Golden Clinical Trial Sponsor, you sponsor between € 10,000 and € 19,999 on a yearly basis. As Golden Sponsor you receive the protocol and updates of the trial you sponsor inclusive **permanent recognition**, as well as **6 FREE** registrations to a workshop or seminar hosted by our founder in every year you sponsor. In addition, you receive **15 signed books** of the TARGET-system for **FREE**.

Platinum Clinical Trial Sponsor Opportunity

€ 20,000+

As Platinum Clinical Trial Sponsor, you sponsor at least € 20,000 on a yearly basis. As Platinum Sponsor you receive the protocol and updates of the trial you sponsor inclusive **prominent permanent recognition**, as well as **10 FREE** registrations to a workshop or seminar hosted by our founder in every year you sponsor. In addition, you receive **30 signed books** of the TARGET-system for **FREE**.

Benefits of Sponsorship

As a SPONSOR you accrue several benefits through this strategic investment:

- Enhancing the visibility and reputation of you as sponsor within quality of life aspects through your active contribution in side effect management.
- Interacting with key researchers and academics who influence research directions of the IMPAQTT Foundation.
- Gaining access to the people who developed side effects of targeted therapy/immunology and in so doing improving your contribution advantage.

IMPAQTT FOUNDATION benefits from a sponsor's support in several important ways:

- Clinical Trial Protocols will be put together by experts in the field. By doing so, with minimal load high quality data will be enhanced.
- Trial costs are kept as low as possible, allowing more research outcomes with the same amount of money.
- Support from sponsors is critical to enhancing evidence based treatment recommendations to side effects from life-threatening cancer therapy.

Help us to generate and spread sustainable solutions for the challenges that patients encounter while on targeted anticancer treatment

Help us to help patients complete their cancer treatment as planned
